May, 26, 2015

Dear, DEP,

On May 9, 2015, the New Jersey Department of Environmental Protection, (NJDEP) which receives federal monies, awarded the New Jersey Schools Development Authority (NJSDA) an authorization for the demolition of the Trenton Central High School in Trenton, New Jersey. Normally, for this size project, which sits on 38 acres and has a budget of \$140,000,000.00, the state requires an extensive Environmental Impact Statement be performed.

To date, this study has not been done. Instead, the NJSDA has been given the go-ahead by the NJDEP to demolish a building that previous studies show will adversely affect the surrounding environment.

Because the surrounding area is a minority and low income neighborhood, NJDEP has not required the project managers to perform the same due-diligence that would normally be done for a project of this magnitude in a wealthy or predominantly white neighborhood.

This blatant racial and income discrimination is unfair to the neighbors that occupy the houses near the school and they are asking for help from the Federal Department of Environmental Protection in this matter. We would like the Environmental Protection Agency to halt the demolition of the building until a credible Environmental Impact Statement is researched and presented.

If you need any further information, please call me at any time.

Thank you in advance for your prompt attention to this matter.

Sincerely,

(b) (6)

**Subject:** RE: POC for Application Assessment Errors  
**Date:** Friday, May 01, 2015 4:43:52 PM

---

Good afternoon,

I'm not getting any kind of response to the message thread below (in addition to two unreturned voice mails). Who can I contact within EPA to appeal/reclama what appears to me to be a very clear case of someone in HR erroneously assessing an application for an EPA position?

Thank you,

(b)

**Subject:** POC for Application Assessment Errors

Good afternoon Ms. Hart,

I recently applied under an EPA announcement for your "Senior Executive Service Candidate Development Program". Unfortunately, my SF50 and resume details for credible GS15 service were apparently overlooked, and my application was evaluated as "ineligible" for lack of "the required one (1) year of experience equivalent to the GS-15 grade level".

I verified that the application submitted did indeed include my initial GS15-equivalent SF50, and my resume explicitly cited that grades covering more than a one year period. My initial Federal service was under the OSD "Acquisition Demonstration" personnel system, which later transitioned to the National Security Personnel System (NSPS) as an NHIV/YD03 – and I'm wondering if a lack of familiarity with those two systems led to an assessment they weren't equivalent grades.

I've pointed that out to the HR Specialist in the Executive Resources Division today, but have not received a response back from my email nor vmail yet. I hate to elevate my concern so quickly, but I'll be on family medical leave out-of-state for several days. Is there a higher level POC that can address a re-assessment of my application?

Thank you for your time and attention to this matter.

V/R

Subject: RE: [EXTERNAL] Status of Application

Hi Jessica,

According to the on-line application, EPA received my SF50 documenting that experience at the GS15 grade. I actually have 2 1/2 years at the GS15 level (under both OSD's "Acq Demo" system as an NH-IV and the NSPS system as a YD03). Please advise as to how this assessment error can be corrected.

Thank you,

(b)

Subject: [EXTERNAL] Status of Application

Dear Applicant:

Thank you for submitting an application for the Senior Executive Service Candidate Development Program, at the U.S. Environmental Protection Agency. This position was posted to USAJobs under vacancy announcement EPA-Exec-2015-0007.

Your application package has been reviewed and ruled ineligible for further consideration because: Application does not support the required one (1) year of experience equivalent to the GS-15 grade level as stated in the vacancy announcement .

Thank you for your interest in working with EPA. We wish you success in your career endeavors and welcome you to apply for future vacancies. Other EPA and Federal government vacancies can be found on the Office of Personnel Management's website at [www.usajobs.opm.gov](http://www.usajobs.opm.gov).

If you have any questions concerning your application, please feel free to call me on 202-564-0520.

Jessica Ann Hackley

Who Whom It May Concern:

I am in need of clarification. The New Jersey Department of Environmental Protection (NJDEP) has given the New Jersey Schools Development Authority (SDA) conditional approval to begin construction of a high school in New Jersey. Although the SDA is a State agency, the NJDEP is responsible for approving the Environmental Assessment. We are concerned that the NJDEP has engaged in discriminatory practices. May we file a complaint against the NJDEP with the EPA?

Thank you.

**Subject:** New Jersey Department of Environmental Protection vs Trenton Community  
**Date:** Thursday, May 28, 2015 12:59:36 PM

---

**Complaint: New Jersey Department of Environmental Protection (DEP)**

**Office of the Commissioner**

**401 E. State St.**

**7<sup>th</sup> Floor, East Wing**

**P.O. Box 402**

**Trenton, N.J. 08625-0402**

**vs Trenton Community**

On February 10, 2014, the New Jersey Schools Development Authority (NJSDA), voted to allocate 130.5 million dollars to replace Trenton Central High School (TCHS).

On October 11, 2014, CB&I Government Solutions Inc. completed the "Structural Site Visit Assessment Report" for Trenton Central High School.

On October 14, 2014, the Trenton Board of Education vote unanimously to demolish the existing Trenton Central High School and construct a new building on the same footprint.

On or about April 15, 2015, a contractor hired by the New Jersey Schools Development Authority (SDA) began demolition and remediation work at the Trenton Central High School site. The contractor proceeded to engage in the removal of asbestos and demolition of TCHS without the advisement and completion of an Environmental Assessment or a more rigorous Environmental Impact Statement (EIS) as required by the State of New Jersey.

The contractor has been observed leaving windows and doors open during the remediation process as well as creating a hole above the "C wing" entrance, potentially introducing asbestos fibers into the air of the surrounding residents. In addition, on or about May 25, 2015, the contractor removed windows in the vocational wing of TCHS. The contractor failed to properly seal the building to prevent the release of contamination. On or about May 12, 2015 the State of Jersey posted a sign on the front gate of TCHS, noting "Notice of Environmental Investigation/Cleanup In Progress....".

Directly adjacent to the site are several neighborhoods, Saint Francis hospital, and student athletic fields that are in daily use during remediation and demolition.

According to the New Jersey Department of Education, the ethnic breakdown of students at Trenton Central High School is 49.7% Black and 47.6% Hispanic (2013-2014 School Year). According to the United States Census, the ethnic breakdown for the City of Trenton is 33.7% Hispanic and 52% Black.

The New Jersey Department of Environmental Protection (NJDEP) is a recipient of federal financial assistance and is charged with the responsibility of protecting the environment in the State of New Jersey. On May 8, 2015, the New Jersey Department of Environmental Protection provided the SDA conditional approval to commence demolition even though no Environmental Impact Statement (EIS) was completed.

The NJ DEP allowed the NJSDA to commence construction, without requiring the NJSDA to meet the following requirements recommended by the CB &I environmental assessment (including, but not limited to):

- An asbestos abatement design will be performed by a certified USEPA AHERA Asbestos Abatement Project Designer.
- Third-party asbestos abatement oversight will be performed and all analytical will be performed off-site by a licensed New Jersey Asbestos Laboratory.
- Removal of Universal Waste will be recycled by a licensed facility.
- Removal of any refrigerants will be removed and certified by a licensed individual.
- NJPDES permit for discharge of stormwater to surface groundwater.
- NJ Licensed Driller will be needed to obtain a NJDEP Well Abandonment Permit for a monitoring well located in Wing-F (former auto shop).
- Rodent Control Plan will be prepared and implemented by an individual licensed to provide a clearance certificate.
- NJDEP licensed laboratories will be needed for all soil/disposal analytical.
- NJDEP licensed transporter will be required.
- Licensed disposal landfill will be required.

CB & I's report indicated various degrees of contamination at the TCHS construction site. The New Jersey Department of Environmental Protection permitted the New Jersey Schools Development Authority to proceed with demolition of Trenton Central High School, without taking the necessary steps to protect the health and safety of the community. These actions by the DEP, will have an adverse impact on the environment, in violation of the Clean Air Act and Title VI of the Civil Rights Act of 1964, as amended.

Dearest one,

It is with profound respect and humble submission, I beg to state the following few lines for your kind consideration. I hope you will spare some of your valuable minutes to read the following appeal with sympathetic mind. I must confess that it is with great hope, joy and enthusiasm to write you this mail and I believe by the faith that it must surely find you in good condition of health.

I am Miss

(b) (6) Privacy [REDACTED] Citizen, age 21 years old. I'm the daughter of Late Mr. (b) (6) Privacy former (b) (6) Privacy for state in charge economic monitoring. My father died in the Intensive Care Unit of Mulago Hospital due to suspected heart failure. I lost my mother long time ago when I was just 6yrs old, and since then my father took me so special. Before the death of my father, he told me that he made a fixed deposit of the sum of three million six hundred thousand dollars (U.S. \$ 3.600.000.00) in a Bank with my name as his next of kin. i had conversation with the bank manager whom I met in person who told me that my refugee status is not authorised by the laws to clear the money. He advised me to appoint a trustee.

Now, I am soliciting your help to transfer the total fund into your bank account and investment assistance in your Country. I have suffered a lots of set back as a result of my parents death. Hence, I want to settle abroad to continue my studies and spend the rest of my life. Please consider my request as my life is being hugely affected .

please kindly include your information below so that i can present you to bank as my design beneficially of the fund.

Monsieur

Je sais que ça vous donnera de recevoir cette lettre de moi, car il n'y n'avait aucun contact précédent entre nous.

Avant tout permettez-moi de vous présenter mon auto, mon nom est (b) (6) Privacy. Un avocat portugais, je suis un procureur personnel à défunt (b) (6). Un ingénieur expérimenté qui a travaillé pendant vingt ans avec (Soares da Costa S.A.), une entreprise de Construction & Génie Civil ici au Portugal.

Mon défunt client qui a le même nom de famille avec vous, est mort le 23 août 2005 par suite d'un arrêt cardiaque, laissant derrière lui un dépôt d'une valeur de \$13.500,000,00 (treize million cinq cent mille US Dollar). Son arrêt cardiaque était à cause de la mort de tous les membres de sa famille qui sont morts au cours de la catastrophe de l'ouragan Katrina, qui a eu lieu sur - 29 août 2005 comme cela a été découvert après enquête.

Mon but est de vous contacter pour vous aider à sécuriser les fonds laissés par mon défunt client, pour éviter qu'il ne soit confisqué ou remis au gouvernement en tant que fonds non réclamés par la banque Portugal où le fonds déposé par mon défunt client ici au Portugal. Bien que je sache qu'une transaction de cette ampleur fera une quelconque appréhension et inquiète, mais Je vous assure que tout ira bien à la fin de la journée.

La Banque m'a envoyé un avis de communiquer avec le plus proche parent de mon client en retard ou le compte sera déclaré fonds inutilisable et non réclamés et détourné de la trésorerie de la Banque. Jusqu'à présent, tous mes efforts pour mettre la main sur quelqu'un qui lui est liée ont avorté. Et la banque ne peut pas libérer le fonds à moins que quelqu'un apparaisse comme plus proche parent de la personne décédée, comme indiqué dans les lignes directrices de banque. C'est pourquoi je vous ai contacté. Je tiens à vous présenter à la Banque comme un proche parent / bénéficiaire du fonds de mon défunt client, puisque vous partagez le même nom de famille, de sorte que le produit de ce compte peuvent vous être versés. L'ensemble du document juridique pour vous soutenir en tant que prochain des parents à la client décédée, je vais vous le donner. Tout ce que je besoin est votre coopération honnête pour nous permettre d'atteindre cette transaction.

Je tiens à souligner que nous allons faire un don de 10% de cet argent à un organisme de bienfaisance organisations, tandis que les 80 % restants seront partagés également entre nous. Cette transaction est entièrement sans risque. Je vais utiliser ma position comme procureur du client pour garantir la bonne exécution de cette transaction.

Si vous êtes intéressé, veuillez me contacter par TEL: +(b) (6) Privacy FAX: +(b) (6) Privacy Ou par Email: (b) (6) Privacy (b) (6) Privacy après votre réponse, je vais alors vous fournir plus de détails et des documents pertinents qui vous aideront à comprendre cette transaction correctement.
